Working with schools and colleges

Hills Celebrates Olympic Success

Hills Coaches are proud to have worked on behalf of First Group to provide transport for the Brazilian Olympic team during London 2012. Four coaches from our fleet were decorated with eye-catching vehicle wraps featuring images of Brazilian Olympians, fitted by Fenn Graphics of Stoke-on-Trent. The coaches were a regular site at the Olympic Village and were a hit with both athletes and spectators.

From daily home to school services to European tours, Hills Coaches supply a wide range of modern, safe and competitively priced vehicles for the education sector.

All our vehicles are equipped with seat belts and speed limiters as standard and we observe strict regulations regarding tachograph records and drivers' hours.

For larger groups or multiple classes we can provide high capacity coaches for up to 70 passengers – meaning you can keep pupils and teachers together on one vehicle and save money on the cost of multiple vehicles. And for peace of mind – all of our driving staff are character referenced and have undergone criminal record bureau checks.

With 45 years of experience and a long list of schools, colleges and universities who use our services, we are proud to hold ongoing contracts with some of the region's leading educational establishments, who find our attention to detail and professional, yet friendly approach reassuring and totally reliable.

To receive a free, no-obligation coach hire quotation please call our Transport Manager today on 01902 753770.

Safety first

All our coaches are maintained in line with current legislation. They are tested by the vehicle inspectorate once a year and are also checked on a regular basis in accordance with the best industry standards. Speed limiters restrict all our coaches to travel at a maximum of 100kph (approx. 60mph) for the safety of passengers – and seatbelts, certified as being properly fitted to industry standards, are fitted to each passenger seat on every one of our vehicles.

Our drivers

We understand that a driver can be the difference between a good trip and a great one. We believe that our hand-picked and uniformed drivers are among the best you will find anywhere. Our drivers attend regular staff training courses to help maintain our high standards of customer care and safety. All our drivers are highly trained to a minimum of DVLA category D standard, are fully conversant with drivers' hours legislation and have been subject to enhanced criminal record bureau checks (CRB).

BUSK

Simply Safe Member

BUSK is an independent body that offers support to anyone with a responsibility for transporting children and young people. Hills Coaches are a Certified BUSK Member.
